

# SPENSER 2020

US HOUSE OF REPRESENTATIVES

## YOUR VOICE IN CONGRESS

Politics is about people, and it is time for a new kind of politics in America, a **positive politics** that lets your voice be heard.

I am bringing the voices of our community together every Thursday at noon for our Virtual Town Hall using the Zoom link at [www.SPENSER2020.com](http://www.SPENSER2020.com)

I stand for people, for **autonomy**, for each person to live a life that reflects their values and their loves.

\*Comprehensive **Healthcare** that benefits everyone from head to toe.

\***Pharmaceutical** policy allowing everyone the medicine they need, while providing care that prevents addiction - supporting those who have become addicted.

\*Common Sense **gun responsibility** - securing everyone's rights, while securing everyone's safety. Expanding DMV licensure to include gun handling, and inviting the NRA and others to provide realistic gun safety and care classes that will prepare gun owners for licensure.

\*Effective, realistic, and humane **migration policies** that support our changing and aging community.

\***Tuition assistance** for everyone who wants to go to college.

\***Student loan** forgiveness.

\***Campaign Finance reform** that ensures anyone who wants to serve the people has equal opportunity to run for office.

\*Continue to create more **jobs** through **alternative infrastructure**, by harnessing the energy of the sun, water and wind; while remaining open to technologies that can heal the planet.

\*An **embrasive water policy** that secures clean, cold, and healthy water to sustain and restore our fish population. This security will, in turn, ensure there is enough water to irrigate our farms and provide safe and abundant drinking water for our families. When our fish and farms are healthy, our families will be healthy.

\***Forestry** practice that utilizes common sense conservation techniques and stewardship contractors to reduce the hazard of fire, and allows the forests to return to equilibrium.

\*Renew and create **infrastructure that connects us**, from bridges and broadband, to high-speed rail and air travel.

I embrace the opportunity to serve everyone in Oregon's Congressional District 2 **Homemakers** and **Teachers, Farmers** to those who harness the **wind**. I will be the voice of **Mothers** and **Fathers, Ranchers** and **Republicans**.

**We deserve a US House of Representatives that represents the best interests of everyone.**

**I will be YOUR voice in Congress.**

**Virtual Town Hall Every Thursday at noon with Zoom!**

**Zoom Meeting ID: 901-379-386**

Alex Spenser has lived a life as diverse as Oregon's Congressional District 2. Brought up in Dallas, Texas - she has lived all across the US, from New York City to Tulelake, California, Hot Springs, Arkansas to Tucson, Arizona and, for the past ten years Alex has made Klamath Falls, Oregon her home.

\*Alex has authored a book entitled *From Chrysalis to Wings*, worked as a featured poet on the New York City poetry circuit, and has had articles published in the Dallas Morning News, the Little Rock Free Press and the Klamath Falls Herald and News, among others.

\*Alex has worked as a writer, a performance coach, and a DJ; producing her own radio show; which has transitioned into a podcast called WordsWithWings-the podcast.

\*Alex has worked as a cook, a legal secretary, a construction worker, a copperwright, and a single mom.

\*Alex homeschooled her daughter to the fifth grade, and last fall saw her off to college at SOU.

\*Alex is a motivational speaker who promotes Positive, Thoughtful, Peace-creating Communication.

\*Alex founded and led the Women's March Klamath Falls for the first three years, and co-founded Klamath Force for Peaceful Action, an Indivisible group that merged to become Klamath Indivisible.

\*Alex worked as Campaign Strategist and writer for Raz Mason's two runs for the US House, and was a writer and performance coach for Jamie McLeod-Skinner.

Alex Spenser is a poet who believes in peace, and sees poetry in all things. Alex has raised her daughter in rural Oregon, and it is here she calls home. It is through her diverse background that she gained the knowledge, strength, and perseverance to lead CD2 in the United States House of Representatives. Alex is dedicated to ensuring your voice is heard, Alex will be:

**YOUR VOICE IN CONGRESS**
